What makes Utopia the ideal choice for your next bathroom?

Choosing Utopia means British-made quality, at a price you wouldn't expect

We are extremely proud to be a British manufacturer situated at the heart of the Midlands.

We're proud to be an award-winning brand

We're delighted to have been voted Best British Bathroom Furniture Brand for five of the past nine years, a genuine endorsement of everything we stand for at Utopia.

Designed to recognise and reward excellence, the BKU Awards represent a truly independent stamp of approval, with thousands of industry professionals voting for nominated companies to determine who really is the best of the best.

This achievement sits alongside our success at the Ideal Home Awards too, where we have also been proud recipients of multiple accolades, further recognition of our commitment to exceptional design, quality and innovation in bathroom furniture.

A multi award winning brand Ideal Home

Proud to be an award-winning British manufacturer

Fitter-friendly

All our furniture is all pre-built factory assembled, saving you time during installation. We design our products with the fitter in mind and aim for our products to be as easy and simple to install as possible.

Bespoke hand-crafted worktops

We have our own in-house bespoke worktop department, dedicated to creating the perfect bespoke worktop to match your exact needs, with an array of different material types and finishes to choose from.

Saving you time

In many cases, furniture may have factory pre-fitted handles or in some cases be pre-drilled for handles in readiness for ease of fitting of the handles, saving valuable installation time and reducing installation costs.

Always a quality feel

All units come as standard with premium soft-close drawers or doors for a quality feel that will endure decades of daily use.

We take our environmental commitments seriously

We strive to engineer products with the longest possible lifespan. That's better for you and better for the environment.

Our cabinets don't travel across the planet to reach you, they are despatched direct from the point of manufacture in the heart of the Midlands, saving hundreds of tonnes of carbon every year.

From the raw materials we choose for our furniture down to the paper we use in our offices, every decision we make is led by our commitment to the environment.

- Almost all of the timber used in our furniture is FSC® certified
- All of our offcut and sawdust waste is used as fuel to heat our factory
- Our cardboard packaging is cut to exact size on-site to minimise waste
- Upgrading our own delivery fleet to cleaner and more efficient vehicles
