## One range, two styles.

### Wall Mounted

Wall mounted furniture is a great way to achieve a modern look with the extra illusion of space.

### Qube Glide

Shown here with a Chrome Glide Handle Trim and ceramic slabtop washbasin for a larger basin capacity.

Choose from various widths in either standard or reduced depth units.

### Qube Edge

Create a contemporary retreat using Qube Edge wall mounted furniture, with soft close drawers as standard.

Add open shelf storage and a sit-on ceramic washbasin to configure Qube your way.

Shown here with Brushed Brass Orlo Handles.

## Freestanding

Freestanding units give you the freedom to create your own bathroom centrepiece.

### Qube Glide

Qube Freestanding units are available in various widths, in standard or reduced depth.

Choose either double doors or double drawers for a distinctive look either way.

Shown here with the elegant Glide Brushed Brass Handle Trim.

### Qube Edge

The Qube Freestanding Double Drawer Washbasin Unit looks subtly understated with Brushed Nickel Orlo Handles.

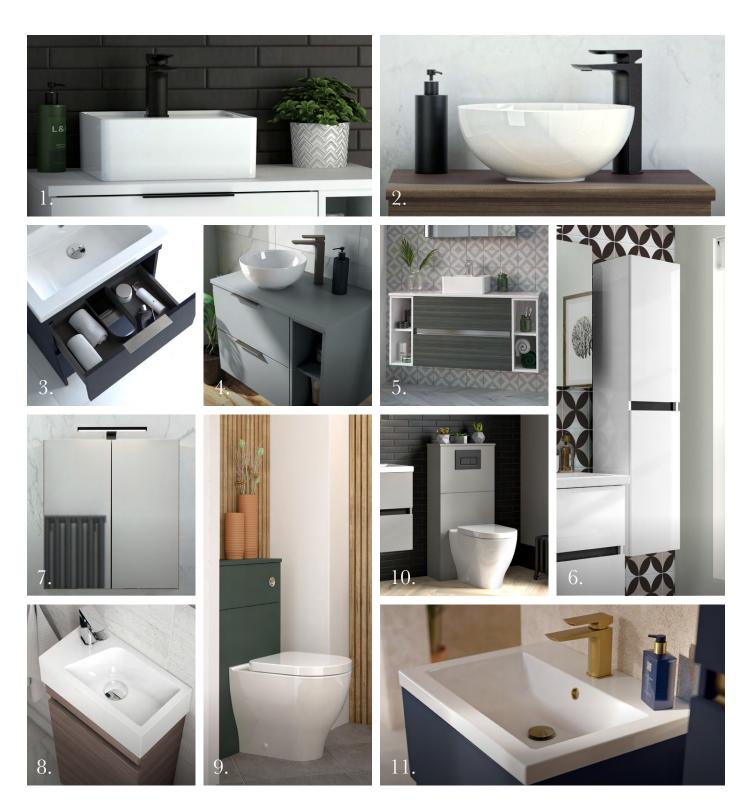

With a choice of seven contemporary finishes, Qube really does allow you to design your own individual piece of bathroom perfection.

## **Cloakroom Solutions**

The Qube range offers compact and versatile solutions for smaller spaces.

### **Endless Possibilities**

- 1. Choose a square sit-on ceramic washbasin for a contemporary feel
- 2. Choose from three brassware finishes, including Matt Black
- 3. Qube drawers and doors are soft close as standard
- 4. Qube Edge with Matt Black Orlo Handles
- 5. Experiment with different configurations until you find the perfect style
- 6. Give yourself added storage with matching Tall Storage Units
- Add lights to your mirror cabinets in either Chrome, Matt Black or Brushed Brass
- 8. Short of space? Try our sleek Cloakroom options
- 9. Complete the look with a stylish Diversity Moderne toilet
- 10. Opt for a sleek Tall Toilet Unit with Push Plate
- 11. Our minimal slimline ceramic basin gives you plenty of basin capacity

# Wall Mounted in Indigo Blue with Brushed Brass

Our new Indigo Blue finish can add a deep splash of colour into your bathroom, team with Brushed Brass accents for a pop of contrast.

# Wall Mounted in White Gloss with Matt Black

Where space is at a premium, opting for a reduced depth washbasin unit is a brilliant solution without losing any visual impact or precious storage. White Gloss is always a winner for giving an illusion of spaciousness and it's a particularly stylish choice teamed with a Matt Black tap and handle trim.

## Wall Mounted in Anthracite Strata with Matt Black

This smart family bathroom fuses contemporary geometrics with natural textures. The focal point is the stylish double drawer unit, neatly balanced by the Solo Illuminated Mirror above. Open shelving either side creates a feature and adds extra storage.

### Create it your way

Use combinations of Qube Washbasin units with handy open shelf storage to create your own perfect storage solution. Combine different finishes with your choice of sit-on washbasin for a totally personal creation.

\*Sizes are for guide only and design inspiration please refer to the specification section for further details

## Qube Cloakroom Solutions

## A compact and versatile solution for a tiny space, a Qube Cloakroom exudes style.

With clever space-saving solutions, even the smallest cloakroom can be imaginatively and expertly planned, resulting in a small yet stylish addition to your home.

### Compact Contrasts

Every bit as versatile as larger Qube washbasin units, our Cloakroom units are available as Wall Mounted or Freestanding, in any Qube finish, with a choice of Qube Glide or Qube Edge in Chrome, Matt Black and Brushed Brass.

(Also available in Qube Edge)

Qube Edge Wall Mounted Anthracite Strata with Brushed Brass Orlo Handle

(Also available in Qube Glide)

### Cloakroom Basins

The Qube Cloakroom Basins feature stunning clean angles and precisely engineered edges.

Available as a Mineralcast basin or our new Ceramic basin, shown below.

The Qube Mineralcast Basin features crisp, clean lines and a tapered tap shelf.

The Ceramic Cloakroom Basin has a lower profile and an overall softer form.

# Cloakroom Wall Mounted in Sorrento Walnut with Brushed Brass

#### Freestanding double drawer washbasin unit 500, 600, 800mm Reduced 610, 810mm Standard

\*All sizes stated are approximate widths. Please refer to specification pages for dimensions

# Creating your Qube Bathroom

Qube is the very essence of simplicity. Follow our simple guide and create your perfect bathroom using a choice of wall mounted or freestanding configurations.

#### Choose your layout

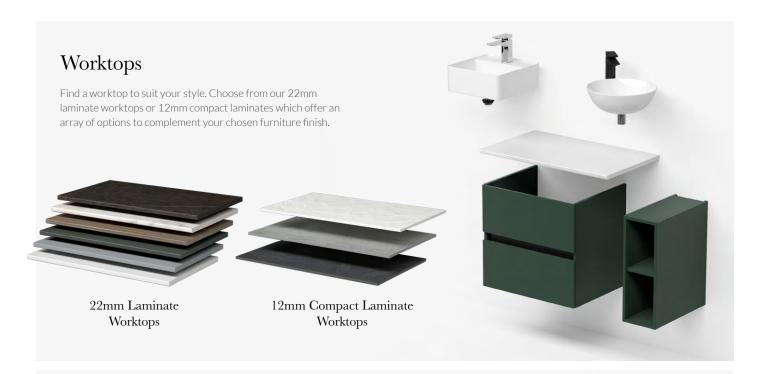

#### Choose your style

#### Choose your basin type

## Looking for a Cloakroom solution?

If you have a smaller room, choose our Cloakroom furniture options which can give you the style you love, but perfectly suited to give the impression of space.

Choose our short projection Brassware to complement the smaller sanitaryware and add a short projection Matese Back-to-wall Toilet to make the room feel bigger.

## Finishing Touches

Choose from two stunning contemporary brassware ranges, Razo or Divine, both available in a choice of Chrome or Matt Black, or our new Brushed Brass Divine to coordinate with your handle choice.

Finally, consider those all important finishing details – from coordinating toilet units, tall storage units, bath panels to lighting options.

With a selection of mirrors and mirror cabinets at your fingertips too, you can complete the overall look of your bathroom. Remember, choosing a mirror cabinet rather than a mirror will give you even more storage space.

# Configuring Qube Wall Mounted

Experiment with different configurations until you find the perfect style for your bathroom.

Below are just a few examples of configurations achievable.

#### 590mm reduced\*

with square sit-on basin

470 and 770mm washbasin units also available

790mm washbasin unit also available

#### 810mm standard run\*

with round sit-on basin

790mm washbasin unit also available

#### 990mm reduced run\*

with square sit-on basin

470 and 770mm washbasin units also available

## 1600mm twin basin standard run\*

with two square sit-on basins

590mm washbasin units also available

## 1400mm twin round basin standard run\*

with two round sit-on basins

790mm washbasin unit also available

# 200mm 590mm 200mm

# $1600 \mathrm{mm}$ large storage standard run\*

with two square sit-on basins.

790mm washbasin units also available

<sup>\*</sup>Sizes are approximate and design inspiration, refer to the specification section for further details.

\*\*Note overall dimensions given in the grey boxes include worktop, which include an overhang.

# Qube Glide Price List

#### Choose your finish option

To specify your unit finish, add your finish code to the end of the product code, in place of \*\*. For example, to order a Qube Glide 500mm Reduced Depth Double Drawer Washbasin Unit in Wild Green with Chrome handle trim use QBE10011

#### 1. Choose your Unit

With three options available, pick which unit you prefer in the finishes shown above. These units come with or without a cistern.

#### Choosing your toilets

#### 2. Choose your Flush Button/Plate

If you have decided on a unit with a cistern, you can add either a flush button or flush plate (tall toilet unit with cistern only). Available in Chrome, Matt Black or Brushed Brass to perfectly match your chosen brassware.

#### 2. Choose your Back-to-Wall Toilet

Finish off your bathroom with one of our matching back-to-wall toilets. Both are available with soft close toilet seats.

# **Toilets Units**

#### Toilet Unit Without Cistern

510mm x 225mm x 900mm

# Why Choose Qube from Utopia?

## British Bathroom Perfection

For more than three decades, we've been committed to providing the best bathroom solutions possible. Through creative design, tireless research and development and continued investment in the very latest manufacturing processes, we're confident that a Utopia bathroom really does symbolise British made Bathroom Perfection.

Since 1989, our ethos has always remained the same; to offer creative and inspiring bathroom solutions, designed and manufactured here in the UK to the very highest specifications.

With an emphasis on style, our ranges have always led the way in British bathroom design.

# Sustainably sourced and built to last

We strive to engineer products with the longest possible lifespan. That's better for you and better for the environment.

Our cabinets don't travel across the planet to reach you, they are despatched direct from the point of manufacture in the heart of the Midlands, saving hundreds of tonnes of carbon every year.

# We're Award Winning

Over recent years we're delighted to have been voted Best British Bathroom Furniture Brand at the BKU Awards on a number of occasions, a genuine endorsement of everything we stand for at Utopia.

Designed to recognise and reward excellence, The BKU Awards represent a truly independent stamp of approval as industry professionals vote in their thousands for nominated companies to determine who really is the best of the best.

# Bathroom Electrical Zones

Utopia cabinets with electrical components are not suitable for use in Zones 0,1 or 2 unless IP44 rated. The bathroom zones are shown in the diagram below and where electrical components can be fitted.

#### Zone 0

Covers the areas inside the bath or shower area. If you decide to illuminate this area the fittings must be low voltage and must have a minimum rating of IP67 making them immersion-proof.

#### Zone 1

Covers the area directly above the bath or shower area to a height of 2.25m from the floor. A light with a minimum IP44 rating is required for this area. If the light uses 240V supply, a 30ma RCD (residual current device) must be used to protect the circuit in this zone.

#### Zone 2

Covers the area 0.6m outside the bath's perimeter and to a height of 2.25m from the floor. As with Zone 1, a minimum IP44 rating is required for this area.

#### Outside Zones

Outside zones cover areas which fall outside of Zone 0,1 and 2 and are well away from any contact with water. No IP ratings are required for light fittings in this area.

# **Qube Terms and Conditions**

#### TERMS AND CONDITIONS

We hope you found our brochure inspirational and informative. We make every effort to display colours accurately, but cannot guarantee an absolute match on our website and in our printed material so you may find that products vary slightly in colour. Many of our products are made to order, meaning that some of our product sizes and measurements indicated in our promotional material may be subject to slight variation and we'd ask you to plan accordingly.

#### SAMPLE SERVICE

You will find displays of our furniture styles, colour samples of finishes and worktops are available to view at over 500 Utopia specialist retailers across the UK. To find your nearest showroom visit our website. We also offer a free online sample service where you can order your preferred colours of finishes and worktops from our website to review in the comfort of your home.

#### GENERAL GUARANTEE TERMS

All Utopia products are designed and manufactured to comply with or exceed accepted industry standards and tolerances. In the unlikely event that a product fails to meet our high expectations it will be replaced free of charge. Any product deemed to fall within accepted standards and tolerances will be subject to a replacement fee. All claims to be diverted through the retailer the product was purchased from.

#### GENERAL GUARANTEE:

- 1. Applies when:
- 1.1 Products are installed correctly in accordance with our fitting instructions and are for domestic use in a room with suitable ventilation; we highly recommend the use of an extraction fan
- 1.2 Cisterns and taps are fitted in accordance with current local and national water regulations;
- 1.3 Furniture is not used in a wet room environment or in frequent direct contact with water
- 2. In the event of a product failure within the guarantee period (from the date of purchase) Utopia will supply a free of charge replacement for the failed item. If that part is no longer available, a nearest equivalent replacement will be supplied. Our guarantee is limited to the products supplied and does not cover any associated installation costs, consequential loss or damage claims.
- 3. The terms of this guarantee do not affect consumer statutory rights.
- 4. Any guarantee is limited to the original purchaser, is non-transferable and does not cover the purchase of ex-display items.
- $5. \, To \, obtain \, replacement \, parts \, in \, accordance \, with \, the \, terms \, of \, this \, guarantee, \, please \, contact \, the \, retailer \, who \, supplied \, the \, products.$
- 6. Product guarantees may be invalidated through incorrect care and maintenance procedures. These are contained in the original product packaging and are also available from our Customer Services team.
- 7. All electrical installations must be carried out by a suitably qualified electrician. Your guarantee does not cover products incorrectly installed.

#### BATHROOM FURNITURE

Utopia furniture has been specifically designed and manufactured for performance in general bathroom use and carries a 5 year guarantee. All bathroom furniture will deteriorate through prolonged periods of exposure to high levels of condensation so bathrooms must be adequately ventilated using suitable extraction to avoid this. Failure to ensure adequate ventilation may invalidate your guarantee. Bathroom furniture is not specified or designed for use in areas of regular or direct contact with water, particularly in wet room environments or where direct and/or regular water contact is prevalent. Any guarantee does not extend to this use. Please refer to individual product pages within this brochure for IP rating information and opposite for bathroom zone suitability. If you are in any doubt, please consult a qualified electrician.

#### CARCASS MATERIAL

Many of our finishes are intended to replicate natural materials such as wood and stone where pattern and shade variation are distinct parts of the design.

#### MINERALCAST PRODUCTS

Mineralcast products carry a 5 year guarantee and are supplied with a 2% dimensional tolerance.

#### SANITARYWARE

Utopia sanitaryware carries a lifetime guarantee against manufacturing defects and is supplied with a 2% dimensional tolerance. Installation must be in accordance with the instructions provided and failure to comply with these may invalidate the guarantee.

#### TOILET SEATS

A 2 year guarantee applies to all toilet seats and related components. It is the responsibility of the consumer to ensure that suitable cleaning products are used. Do not use abrasive cleaning products or cleaning products that contain chlorine or acids, as these may cause yellowing or peeling of the material. After cleaning, wipe the seat with a well wrung out cloth. Leave the seat and lid up whenever strong cleaning products are left in the bowl of the WC pan to prevent damage from vapours.

#### CONCEALED CISTERNS

Concealed cisterns carry a 5 year guarantee against manufacturing defects. It is the responsibility of the individual installer to ensure that these products are fitted correctly and in line with the instructions provided. Push buttons and push plates come with a 2 year guarantee against manufacturing defect.

#### BRASSWARE

Brassware products are either suitable for high or low pressure, some are suitable for both so please refer to the product description for further information. Brassware carries a 10 year guarantee on brassware and a 5 year guarantee on cartridges against manufacturer defects. Specialist finish brassware such as Matt Black and Brushed Brass carries a 2 year guarantee.

#### COMMERCIAL APPLICATIONS

A 12 month guarantee applies to all products fitted in a commercial environment.

#### CARE AND MAINTENANCE

We have found that most issues stem from poor ventilation in bathrooms. We recommend that you ensure your bathroom is well ventilated using a suitable air extraction fan before our products are fitted. We regret that we cannot guarantee our products if they have been fitted in a poorly ventilated bathroom. Our specialist retail showrooms can provide advice and help you make the right ventilation choices.

With proper care and maintenance your bathroom products will last for years to come. The best and safest cleaning method is to use only warm water or pH neutral cleaner with a soft clean cloth. Never use an abrasive cloth. Never use chlorine, caustic, acid or alkaline based cleaners.

#### OUR ENVIRONMENTAL COMMITMENT

Sustainability is high on our agenda and we strive to make the least environmental impact. From the wood we use, the energy we consume, to our transport logistics, we take care to ensure we operate as responsibly as possible.

The information contained in this brochure is correct at the time of print as of June 2023. However, we reserve the right to alter materials and specifications in line with our continuing programme of product and service development.
